

Technical Specification

Product fiche

Trademark	Sharp	
Model ID	32BC0KO	40BG0KO
Energy efficiency class	A+	
Visible screen size (diagonal)	81 cm / 32 inches	102 cm / 40 inches
On-mode power consumption	31.0 W	45.0 W
Annual energy consumption *1	45 kWh	66 kWh
Standby power consumption *2	<0.50 W	
Off mode power consumption	n/a	
Screen resolution	1366 (H) x 768 (V)	1920 (H) x 1080 (V)
*1: Energy consumption XYZ kWh per year, based on the power consumption of the television operating 4 hours per day for 365 days. The actual energy consumption will depend on how the television is used.		
*2: When the TV is turned off with the remote control/standby button and no function is active.		

	32BC0KO	40BG0KO
RF	75 ohm Antenna / Analog / DVB / Satellite	
Inputs	3 x HDMI, 2 x USB, 1 x RJ45 LAN/Ethernet, 1 x Mini Component/YPbPr, 1 x Mini AV IN - Composite Video/CVBS and L/R Audio shared for Composite Video and Component/YPbPr	
Sound Outputs	1 x Digital Optical Audio output, 1 x 3.5mm Headphone	
Speaker*/ Amplifier Watts (RMS)	2 x 10 / 2 x 8	
Voltage and power consumption	AC 220V ~ 240V; 50Hz 31/45/70W (home mode/standard/max) (<0.5W in Standby)	AC 220V ~ 240V; 50Hz 45/65/80W (home mode/standard/max) (<0.5W in Standby)
Dimensions including stand (mm)	740W x 491H x 180D	929W x 601H x 203D
Net weight (Kgs)	4.8	7.4
Wall Mounting	VESA 200 x 100 (mm)	VESA 200 x 200 (mm)

*Built-in **Harman Kardon** speaker systems (Full-range speaker and tweeter).

Telephone **UK 0330 024 0803** or **ROI 01443 3323**

Online support at: www.umc-uk.co.uk

Email support at: service@umc-uk.co.uk

*Calls to 0330 numbers are charged at standard call rates and are included as part of any bundled minutes with your phone provider.

Calls to the ROI number are charged at the local call rate.

The telephone opening hours are Monday to Friday 8.30am to 6pm, Saturday 9am – 5pm.

Bank Holidays - 10am to 4pm

Closed Christmas and New Years day

Please save your box/packaging as you will need this in the event of warranty/service repair or support. We are unable to carry out warranty/service if you are unable to package it correctly. The safest way to package your item in the event of warranty/service repair is in its original box/packaging.

Note that to use the full functionality of Freeview Play your set must be connected to the internet.

Please note that any Freeview HD channels found during tuning will be placed in channel positions above 100. For example, 101 (BBC1 HD), 102 (BBC2 HD) etc.

To receive Freeview channels, in particular Freeview HD channels, you will need a Digital TV aerial and be in a good Freeview coverage area.

The Freeview Play app features a carousel of genres to select from when searching for programmes, such as sport, comedy, dramas and soaps, etc. Content is made up from recommendations of the major broadcasters and offers an alternative means of searching.

You can check coverage for your postcode at www.freeview.co.uk.

Please note that any Freeview HD channels found during tuning will be placed in channel positions above 100. For example, 101 (BBC1 HD), 102 (BBC2 HD) etc.

Note that to use the full functionality of Freeview Play your set must be connected to the internet.

What is included in the box

Accessories included with this TV are the following accessories

1 x Quick Start Guide

1 x Safety Leaflet

2 x AAA Batteries

1 x Power Cable

Should you wish to connect older/analogue devices to your television, you can purchase the necessary cables either from your retailer or at www.umc-uk.co.uk/cables

Mini Composite/AV Cable

Required if you wish to connect a device with AV/Composite/CVBS output to the TV's Mini AV Input

Mini YPbPr Cable

Required if you wish to connect a device with YPbPr Component output to the TV's Mini YPbPr Input

The YPbPr cable will be used exclusively for video (red/green/blue) and the AV cable will be used for audio (Red/White) while Yellow stays unconnected).

Connecting Component/YPbPr - you will need both the Mini YPbPr Cable and the Mini Composite/AV Cable.

Connecting Composite/AV - Mini Composite/AV Cable will be enough for both video and sound.

FREEVIEW PLAY - Access the Freeview Play app.

KEY - For models with integrated DVD players.
KEY - For models with PVR Function.
KEY - For models with USB Playback.
KEY - For models with 3D functions.

Using the remote control

Setting up the TV set for the first time

To obtain a copy of your Operating Instructions, please go to: www.umc-uk.co.uk/Instruction-manuals/sharp

1 Fitting the stand

TV panel must be facing downwards. For the stand installation, there is one type of screw provided as shown below.

To complete the stand installation you will require a cross head screw driver. Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

4 X  Used for attaching the stand to the TV set (fig.2)

Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

When the stand feet are installed correctly the stand feet will be longest at the front of the TV and shortest at the back with the feet pointing away from each other.

When the stand/feet are in the correct position, secure the feet to the underside of the TV set using 4 screws provided.

2 Connecting your set

1) Connect the TV to your power socket.

2) If you wish to use the TV to receive Freeview/Saarview channels, connect the RF input from the TV to your outdoor Digital TV aerial. If you do not wish to receive Freeview/Saarview, skip this step.

3 Controlling the TV & Installing Batteries

- 1 Standby power On/Off
- 2 Displays the 'Input Source' menu
- 3 Displays menu/OSD
- 4 Programme/channel down and menu down
- 5 Programme/channel up and menu up
- 6 Volume down and menu left
- 7 Volume up and menu right

Note: The shape of the TV buttons may vary by model.

Insert the batteries supplied into the remote control and press the standby button to power on the TV.

Connectivity

* The Ethernet/LAN port is used for Freeview HD services and smart functions.

Win a

SHARP Soundbar

Register your manufacturers guarantee online within 14 days of purchase at www.registertoday.co.uk/sharp and enter into a prize draw to win a Sharp Soundbar. Terms and conditions apply. Online registration only.

Wall Mounting the TV

1. Remove the four screws that are supplied in the wall mounting holes.
2. The wall mount can now be easily attached to the mounting holes on the rear of the TV.
3. Install the wall mounting bracket to the television as advised by the manufacturer.

The picture shows the use of spacers, which are not applicable to all sets/installations.

4 First time installation

Basic installation steps are shown below. These may vary slightly depending on model.

Introduction

When the set first turns on, it enters the First Time Installation mode. This can be restarted by restoring the set to default settings in the 'About TV' Menu.

Environment of Use

Home Mode: For normal use, by default it is set to a power saving mode which reduces the energy used by up to 25% (by reducing the power to the LED/LCD panel). This can be changed in the picture mode settings.

Default Source

Select the source which you use the most. If Digital TV (Freeview) is chosen, then at the next step, the set will tune in and default to Digital TV (Freeview). If one of the other sources is selected, then the set will not tune in at this stage and default to that input. If it is required to tune the set in later, press the [MENU] button and then select Settings>Channels

Languages

Select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in. When set up has been completed, to change this press the [MENU] button and then select Settings > System Menu > Language

Network setup

You can connect the TV to your broadband router or wireless network in order to take advantage of the Smart functions. If you connect the TV to your router using an Ethernet cable (recommended) this step will be skipped.

Tune in Channels

Choose to install terrestrial channels now or later.

Country Selection

Select the correct flag for the country in which the set will be used in. This will enable the set to correctly install the functions applicable in the country of use.

Set Up Netflix

If you have a Netflix account, it can be set up on the television here. Once set up and validated, the First Time Installation returns to the next step.

Support Advice

Information regarding support is displayed for a little while. Tuning continues and a progress bar is shown with the number of channels found indicated below. If you are picking up signals from more than one transmitter, you will be requested to select your primary and secondary regions.
