Key

For models with integrated DVD players. For models with USB Playback.

# Setting up the TV set for the first time

## 1 Fitting the stand

TV panel must be facing downwards.

For the stand installation, there is one type of screw provided as shown below.

**Note:** To complete the stand installation you will require a cross head screw driver.

4 x 

Used for attaching the stand to the TV set (fig.3)

1 Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

2 Ensure the stand feet match the orientation as shown above.

4 x 

3 When the stand/feet are in the correct position, secure the feet to the underside of the TV set using 4 screws provided.

## 2 Connecting your set

1 Connect the TV to your power socket.  
2 If you wish to use the TV to receive Freeview/Saarview channels, connect the RF input from the TV to your outdoor Digital TV aerial. If you do not wish to receive Freeview/Saarview, skip this step.

## 3 Powering On the TV

Switch on the television by pressing the on/off button on the bottom of the LED light.

Remote Control:  
Installing Batteries

Insert the batteries supplied into the remote control and press the standby button to power on the TV.

## Win a SHARP Soundbar

Register your manufacturers guarantee online within 14 days of purchase at [www.registertoday.co.uk/sharp](http://www.registertoday.co.uk/sharp) and enter into a prize draw to win a Sharp Soundbar

Terms and conditions apply, online registration only.

## Wall Mounting the TV

1 Remove the four screws that are supplied in the wall mounting holes.  
2 The wall mount can now be easily attached to the mounting holes on the rear of the TV.  
3 Install the wall mounting bracket to the television as advised by the bracket manufacturer.

Image for illustration only.

For the dimensions of the VESA mounting, please refer to the Technical Specifications section of this document.

## 4 First time installation

**Introduction & Language**  
When the set first turns on, it enters the First Time Installation mode. This can be restarted by restoring the set to default settings in the 'About TV' Menu. Select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in.

**Time Zone**  
Set the Time Zone in which the TV will reside. This may be dependent on the country you select in step 2.

**Set up Netflix**  
If you have a Netflix account, it can be set up on the television here. Once set up and validated, the First Time Installation returns to the next step.

**Country**  
Select the correct country in which the set will be used in. This will enable the set to correctly install the functions applicable in the country of use.

**Updates Notice**  
You will need to agree to certain information collection for the TV set to operate as intended.

**TV Mode**  
**Note: In home mode, the TV will switch off automatically after 4 hours in the event that no buttons are pressed on the TV or remote control.**

Home Mode: For normal use, by default it is set to a power saving mode which reduces the energy used by up to 25% (by reducing the power to the LED/LCD panel). This can be changed in the picture mode settings.

**PIN**  
This needs to be set to establish parental controls.

**Network Set Up**  
You can connect the TV to your broadband router or wireless network in order to take advantage of the Smart functions. If you connect the TV to your router using an Ethernet cable, the Wifi set up will be skipped.

**Channel Scan**  
Choose to install terrestrial channels via Digital or Analog signals.  
**Note: Analog signals in the United Kingdom have been turned off. Only Digital signals are available.**
