Sky Remote Code

If you wish to use your Sky remote to operate the TV's basic functions, you will need a Sky remote control (Revision 9 or later) and you will need to program it with the code 2134. If you wish to use your Sky Q remote to operate the TV's basic functions, you will need to program it with the code 4170.
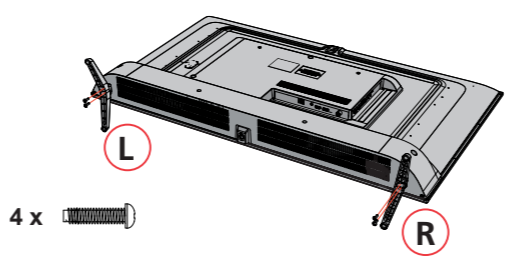

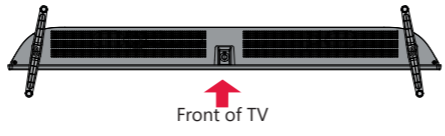

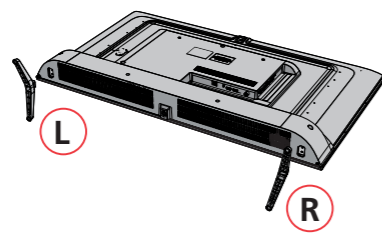

Setting up the TV set for the first time

1 Fitting the stand

TV panel must be facing downwards.

For the stand installation, there is one type of screw provided as shown below.

Note: To complete the stand installation you will require a cross head screw driver.

**4 x** Used for attaching the stand to the TV set (fig.3)

L
R

1 Place the TV set on a flat and clean surface with the panel facing downwards to avoid damage.

Front of TV

2 Ensure the stand feet match the orientation as shown above.

4 x
L
R

3 When the stand/feet are in the correct position, secure the feet to the underside of the TV set using 4 screws provided.
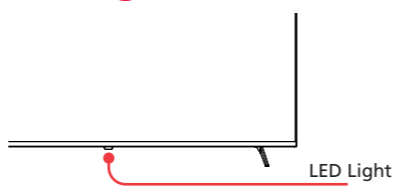

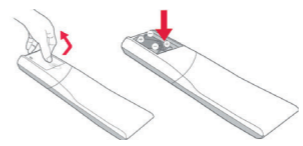

2 Connecting your set

1 Connect the TV to your power socket.

2 If you wish to use the TV to receive Freeview/Saorview channels, connect the RF input from the TV to your outdoor Digital TV aerial. If you do not wish to receive Freeview/Saorview, skip this step.
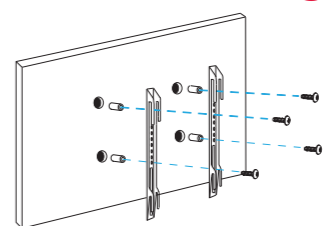

3 Powering On the TV

LED Light

Switch on the television by pressing the on/off button on the bottom of the LED light.

Remote Control: Installing Batteries

Insert the batteries supplied into the remote control and press the standby button to power on the TV.
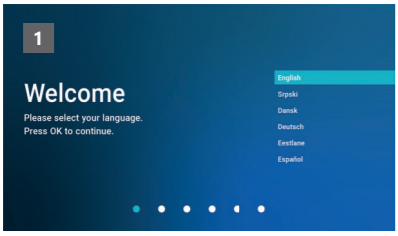

Wall Mounting the TV

Image for illustration only. For the dimensions of the VESA mounting, please refer to the Technical Specifications section of this document.
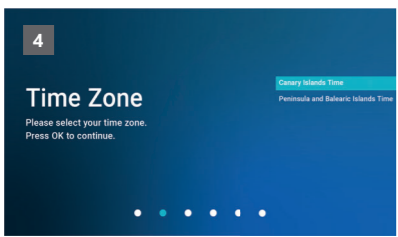

1 Remove the four screws that are supplied in the wall mounting holes.
2 The wall mount can now be easily attached to the mounting holes on the rear of the TV.
3 Install the wall mounting bracket to the television as advised by the bracket manufacturer.

The picture shows the use of spacers, which are not applicable to all sets/installations.

Deutsch
Eestlane
Español

Introduction & Language
When the set first turns on, it enters the First Time Installation mode. This can be restarted by restoring the set to default settings in the 'About TV' Menu.
Select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in.
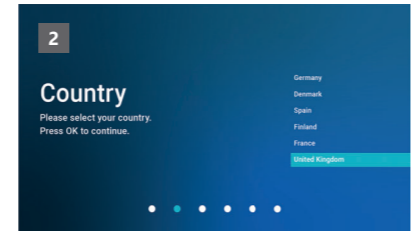

2
Country
Please select your country. Press OK to continue.
Germany
Denmark
Spain
Finland
France
United Kingdom

Country
Select the correct country in which the set will be used in. This will enable the set to correctly install the functions applicable in the country of use.
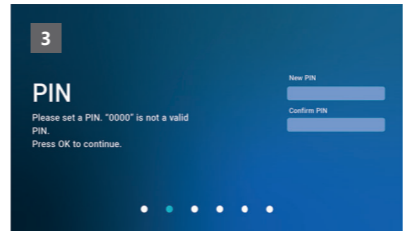

3
PIN
Please set a PIN. "0000" is not a valid PIN. Press OK to continue.
New PIN
Confirm PIN

PIN
This needs to be set to establish parentol controls.

4
Time Zone
Please select your time zone. Press OK to continue.
Canary Islands Time
Peninsula and Balearic Islands Time

Time Zone
Set the Time Zone in which the TV will reside. This may be dependent on the country you select in step 2.

5
COLLECTION AND FIRMWARE UPDATES NOTICE
When this television is connected to the internet, it will collect limited, non-personally identifiable information which will be sent to MediaTek Inc. ("MediaTek") and its service providers. Certain parts of this information may be aggregated and shared with third party partners for business and product analysis purposes only. By clicking "Accept" you agree to the collection and sharing of this information as described in more detail in the "EM Additional Details" section, as well as the automatic download of essential firmware/software updates. Please note that if this Notice is translated in a language other than English, the English version shall always prevail as the sole basis for the interpretation of the terms described herein.
